## WORK EXPERIENCE

---

Software Developer Trainee ([Link](#))

August 2024-Present

- **Optimized Component Rendering:** Improved the performance of the ATS SaaS product by addressing and fixing unnecessary re-renders of React components, enhancing overall responsiveness.
- **Responsive UI Development:** Developed and maintained a fully responsive user interface using React and Next.js, ensuring a seamless experience across all devices.
- **Bug Resolution:** Identified and fixed frontend bugs, contributing to a more stable and reliable user experience within the ATS application.
- **Code Optimization:** Refactored and optimized existing frontend code, reducing load times and improving the efficiency of the ATS product.

## PROJECT

---

ELECTROMART ([live link](#))

- Architected, designed, and implemented a full-stack e-commerce app with user authentication (JWT).
- **Designed and implemented** a responsive UI using Next UI and Tailwind CSS.
- **Enhanced** security by implementing robust password hashing and salting techniques to protect user data.
- TECHNOLOGIES USED: **Next js, Node js, Tailwind css, MongoDB**

QUICKY ([live link](#))

- Built a real-time anonymous chat app using **React js** and **Node.js**, with **WebSocket** and **Socket.IO** for **instant messaging** and **chat room** creation without login or signup.
- Designed a minimalistic UI with no chat history storage, ensuring **user anonymity** and immediate chat access.
- Leveraged React for responsive design and Node.js for **efficient real-time interactions**.
- TECHNOLOGIES USED: **React js, Node js, Socket**

PROJECTNEST ([live link](#))

- **Engineered** "Project Nest" with Next.js, Node.js, MongoDB, and Tailwind CSS, creating a comprehensive project management tool.
- Integrated **JWT** and **Firebase** for **Google authentication**.
- **Facilitated** team collaboration with features like **chat**, **task assignment**, and **member management**, improving team productivity.
- TECHNOLOGIES USED: **Next.js, Node.js, Firebase, Tailwind CSS, MongoDB, Socket.IO, Chakra Ui**

## SKILL

---

- Programming Languages : C++, Javascript
- Frameworks/Libraries : React js, Next js, Node js, Express js, Fireabse
- Database : MongoDB, Mysql
- Tools : Github, Canva, Postman
- Computer fundamentals : Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Networking

## CODING ACHIEVEMENTS

---

- Achieved a **1600+** rating and solved **800+** question on [Leetcode](#).
- Solved **400+** questions on [gfg](#).
- Earned a **3-star** rating on [HackerRank](#).
- Open source contribution in Girl script summer of code 2023.

## EDUCATION

---

GURU GOBIND SINGH INDRAPRASTHA UNIVERSITY

New Delhi,India

Bachelor of Technology in Computer science and Engineering

8.7 CGPA | 2020 - 2024
