WORK EXPERIENCE

Software Developer Intern @ Mentorkart(Link) | Noida   August 2024-September 2024

- Maintained **SaaS JOB PORTAL** and **LMS**, increasing **system stability** by **20%** and resolving **15+ critical bugs** and **UI issues**.
- Developed **sign-up flow**, **domain onboarding**, and **profile approval**, achieving a **30% increase** in **user engagement** on portal.
- Build/Improved **dashboard UI** for LMS from scratch.
- Integrated **pagination** and refactored **LMS code**, reducing **load times by 40%** and enhancing overall **platform efficiency**.

Frontend Developer Intern @ KalaGrafix(Link) | Remote   February2024-July 2024

- Built and maintained **company website** with **HTML, CSS, JavaScript,** and **React**, increasing **user engagement** by **25%**.
- Designed and implemented fully **responsive layout** with **React**, ensuring seamless experience across **4+ device types**.
- Enhanced **website performance** by **30%** through **React component optimization**, reducing **re-renders** and **page load times**.
- Diagnosed and resolved **20+ frontend issues**, boosting **reliability** and reducing **user-reported errors** by **40%**.

PROJECT

ELECTROMART (live link)

- Architected, designed, and implemented a full-stack e-commerce app with user authentication (JWT).
- **Enhanced** security by implementing robust password hashing and salting techniques to protect user data.
- TECHNOLOGIES USED: **Next js, Node js, Tailwind css, MongoDB**

QUICKY (live link)

- Built a real-time anonymous chat app using **React js** and **Node.js**, with **WebSocket** and **Socket.IO** for **instant messaging** and **chat room** creation without login or signup.
- Leveraged React for responsive design and Node.js for **efficient real-time interactions**.
- TECHNOLOGIES USED: **React js, Node js, Socket**

PROJECTNEST (live link)

- **Engineered** "Project Nest" creating a comprehensive project management tool.
- Integrated **JWT** and **Firebase** for **Google authentication**.
- **Facilitated** team collaboration with features like **chat**, **task assignment**, and **member management**, improving team productivity.
- TECHNOLOGIES USED: **Next.js, Node.js, Firebase, Tailwind CSS, MongoDB, Socket.IO, Chakra Ui**

SKILL

- Programming Languages : C++, Javascript
- Frameworks/Libraries : React js, Next js, Node js, Express js, Fireabse
- Database : MongoDb, Mysql
- Tools : Github, Canva, Postman
- Computer fundamentals : Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Networking

CODING ACHIEVEMENTS

- Achieved a **1600**+ rating and solved **800+** question on **Leetcode.**
- Earned a **3-star** rating on **HackerRank.**
- Open source contribution in Girl script summer of code 2023.

EDUCATION

GURU GOBIND SINGH INDRAPRASTHA UNIVERSITY   New Delhi,India

Bachelor of Technology in Computer science and Engineering   8.7 CGPA | 2020 - 2024
